CHAPTER 12

REQUIRED SUPPLEMENTARY INFORMATION

1201 DISAGGREGATED STATEMENT OF BUDGETARY RESOURCES

- ★ 120101. The Disaggregated Statement of Budgetary Resources (SBR) shall be prepared and reported in the Required Supplementary Information section of the financial statements as described below. The format of the disaggregated SBR shall follow the format in section 0701 of this volume. The Office of Management and Budget does not require consolidated and consolidating statements of budgetary resources. Therefore, the Department of Defense (DoD) has elected for fiscal year (FY) 2000 to prepare a combined Principal SBR and a combining Disaggregated SBR. The statements will be appropriately titled combined or combining.
- A. <u>The DoD Agency-Wide Disaggregated SBR.</u> The DoD Agency-wide SBR shall be disaggregated into nine appropriation/fund account groupings. Provide column headings and breakout by: (1) Military Personnel; (2) Operation and Maintenance; (3) Procurement; (4) Research, Development, Test, and Evaluation (RDT&E); (5) Military Construction/Family Housing; (6) Military Retirement Fund; (7) Other General Fund Accounts; (8) Civil Works; and (9) Working Capital Fund (WCF).
- B. <u>Military Department General Funds (GF) Disaggregated SBR.</u> The Department of the Army GF, Department of the Navy GF, and the Department of the Air Force GF will be disaggregated into six appropriation/fund groupings. Provide column headings and breakout by: Military Personnel, Operations and Maintenance, Procurement, RDT&E, Military Construction/Family Housing, and Other GF Accounts.
- C. <u>Military Retirement Fund and U.S. Army Corps of Engineers (USACE)</u>

 <u>Disaggregated SBR.</u> A disaggregated SBR for the Military Retirement Trust Fund is not applicable; and the USACE Civil Works may disaggregate as appropriate the Treasury Index 96 accounts in the stand-alone USACE financial statements.
- D. <u>The WCF Disaggregated SBR</u>. The stand-alone Army WCF, Navy WCF, and Air Force WCF will be disaggregated by business activity.
- E. <u>Narrative Information</u>. Include the following language as the first disclosure under narrative information. "The Department has identified the Government Performance and Results Act (GPRA) performance measures based on missions and outputs. The Department, however, is unable to accumulate costs for major programs based on those performance measures, because its financial processes and systems were not designed to collect and report this type of cost information. Until the process and systems are upgraded, the Department will break out programs by its nine major appropriation groupings."

★ 120102. <u>Appropriation Groupings for the Disaggregated SBR</u>. Table 12-1 provides a summary of appropriations for each appropriation grouping. A detailed list in Appendix A, "Appropriation and Fund Symbols by Reporting Entity" identifies each appropriation and fund accounts to be included in the disaggregated groupings for the DoD Agency-wide and stand-alone Army GF, Navy GF, and Air Force GF, Statements of Budgetary Resources.

★ 120103. <u>Appropriation Groupings for the Disaggregated SBR</u>

Legend used in Table 12-1:

The asterisk () in the third position of the appropriation symbol identifies that the account includes all current and expired years for this FY appropriation.

^The caret (^) in the third position of the appropriation symbol identifies that the account includes all current and expired years for FY appropriation and also includes No-year accounts for this appropriation.

★1202 DEFERRED MAINTENANCE

Instructions for the deferred maintenance to be included in the Required Supplementary Information (RSI) section follows. The Department is required to disclose in annual financial statements material amounts of deferred maintenance on property, plant and equipment (PP&E). This reporting requirement is prescribed in the Statement of Federal Financial Accounting Standards (SFFAS) No. 6, "Accounting for Property, Plant, and Equipment" and the Statement of Recommended Accounting Standards (SRAS) No. 14, "Amendments to Deferred Maintenance Reporting."

- ★ 120201. <u>Policy</u>. The DoD Components shall not report deferred maintenance for General PP&E personal property, collection-types of Heritage Assets and Stewardship Land. Implementation Strategy A.6., "PP&E Deferred Maintenance," requires the Department to report:
- A. Deferred maintenance amounts reported by the DoD Components in the budget process for General PP&E real property to include multi-use Heritage Assets, and
- B. Depot-level deferred maintenance amounts, as well as deferred maintenance on ships, reported by the DoD Components in the budget process for National Defense PP&E.
- ★ 120202. <u>General Disclosure Requirements</u>. The DoD Components, as applicable, shall prepare two tables:
 - A. General PP&E Real Property Deferred Maintenance Table, and
 - B. National Defense PP&E Deferred Maintenance Table.
- ★ 120203. <u>Narrative Statement</u>. The narrative statement shall disclose and describe the method used to determine the estimated amounts of deferred maintenance and information on asset condition. In addition, DoD Components should include in the narrative statement that indicating that it does not have material amounts of deferred maintenance for General PP&E personal property.

B. Instructions

- ★ 1. <u>General PP&E Real Property Deferred Maintenance</u>. The DoD Components shall report in the table (Figure 12-1) amount of deferred maintenance on General PP&E real property assets to include deferred maintenance on multi-use Heritage Assets.
- a. If a DoD Component does not have any material deferred maintenance amounts for real property, the table may be replaced by a brief statement indicating that the DoD Component does not have any material deferred maintenance.
- ★ b. Real property assets shall be reported by the two major classes shown above (Buildings and Structures).
- 2. <u>Multi-Use Heritage Assets Deferred Maintenance</u>. If deferred maintenance amounts for multi-use Heritage Assets are included in the buildings and structures major classes, a comment in the narrative statement shall disclose this fact.
- 3. <u>Real Property Deferred Maintenance</u>. The real property deferred maintenance amounts disclosed in the table shall be consistent with the amounts reflected in:
- ★ a. Budget Exhibit OP-28, Summary of Major Repair Projects, line 2, Annual Deferred Sustainment, FY 2000-Actual column.

- ★ b. Any other budget exhibits in which deferred maintenance is reported, regardless of appropriation or funding by a WCF.
- ★ 4. <u>Condition Assessment Survey Method</u>. A narrative statement shall be included with the table to explain the method used to value the deferred maintenance amounts, any changes to the method that may have taken place, and a description of requirements or standards for acceptable operating condition.
- ★ 5. Real Property Condition Information. Information on the condition of the real property shall be included. Condition information may be presented using: (a) averages of standardized condition rating codes, (b) percentage of assets above, at or below acceptable condition, (c) narrative information, or (d) any other method management believes useful. Figure 12-1 may be modified to display this information.

- B. <u>Instructions</u>. The Military Departments shall use the format at Figure 12-2 to report material amounts of deferred maintenance on National Defense PP&E assets.
- 1. <u>National Defense PP&E Deferred Maintenance</u>. DoD policy requires that the deferred maintenance amounts reported in the updated (January time frame) Budget Exhibit OP-30 that accompanies the President's Budget be used to report amounts in the National Defense PP&E Deferred Maintenance Table (Figure 12-2).
- a. The prior fiscal year dollar amounts contained in the "Total Unfunded Requirement" column of the Budget Exhibit OP-30, titled "Summary of Unfunded Deferred Requirements," shall be used.
- ★ b. The amounts reflected in the Budget Exhibit OP-30 are reported by lower level categories (i.e., for Aircraft: Airframe Maintenance, Engine Maintenance, Software Maintenance, and Other Maintenance) than the categories reflected in the National Defense PP&E Deferred Maintenance Table. Therefore, such amounts shall be aggregated to reflect the major asset type categories in Figure 12-2.
- c. The Military Departments shall consolidate the amounts disclosed in their National Defense PP&E Deferred Maintenance Table to include the amounts reported in the Budget Exhibits OP-30 for their Reserve and Guard Components.
- 2. <u>Narrative Statement</u>. A narrative statement shall be included with the table to explain the method used to value the deferred maintenance amounts, any changes to the method that may have taken place, and a description of requirements or standards for acceptable operating condition.

1203 <u>SEGMENT INFORMATION</u>

- 120301. Reporting entities are required to provide specific information for each franchise fund or other intragovernmental support revolving fund that is not separately reported on the entity's principal statements.
- ★ 120302. Within the Department segment information is to be provided for each of the WCF organizations that are not required to report as individual entities. Segment information is required for the: (a) Defense Information Systems Agency, (b) Defense Commissary Agency, (c) Defense Logistics Agency, (d) Defense Finance and Accounting Service, (e) the Joint Logistics Systems Command, (f) Defense Security Service, and (g) U.S. Transportation Command. In addition, segment information must also be provided for other significant revolving funds operated with the Department's appropriated funds.

120303. Required Information

A. <u>Fund Description (Part C.)</u>. A brief description of the services provided by the fund and the identity of the funds major customers (major customers are organizations that account for more than 15 percent of the fund's revenues).

- B. <u>Assets, Liabilities, and Net Position (Part A.)</u>. Condensed information for assets, liabilities, and net position as of the reporting date: (1) fund balance, (2) accounts receivable, (3) PP&E, (4) other assets, (5) liabilities due and payable for goods and services received, (6) deferred revenues, (7) other liabilities, (8) unexpended appropriations, and (9) cumulative results of operations.
- C. Revenue and Expenses (Part B.). A summary, for the reporting period, by product or line of business of: (1) the full cost of goods and services provided, (2) the related exchange revenues, and (3) the excess of costs over exchange revenues.
- ★ D. <u>Segment Eliminations.</u> The amounts presented for each reporting segment shall be consolidated amounts and therefore net of intrasegment eliminations.
- ★ E. <u>Reporting Format</u>. The required format for providing the required segment information is contained in Figure 12-3, below.

★1204 <u>INTRAGOVERNMENTAL TRANSACTIONS FROM THE CONSOLIDATING</u> TRIAL BALANCE

- 120401. Information on intragovernmental balances shall be reported in the RSI section of the financial statements. The following schedules will be included in all DoD annual financial statement reports.
- A. <u>Intragovernmental Balances</u>. Report, as required supplemental information, intragovernmental balances for assets and liabilities. Certain reporting entities also shall report intragovernmental revenues and the full cost of generating intragovernmental revenues. Except for the full cost of generating intragovernmental revenues, partner agencies shall be presented for each intragovernmental balance presented. The schedules of intragovernmental balances shall be prepared for DoD stand-alone and the DoD Agency-wide financial statement reports and all balances should be net of intraentity transactions.
- B. The FY 2000 Reporting. For FY 2000, reporting entities shall reconcile intragovernmental asset, liability, and revenue amounts with their partner agencies at least annually as of the fiscal year-end. Quarterly reconciliations are encouraged. Balances reported for "Other" asset or liability categories and individual transactions that collectively comprise less than 20 percent of the total asset and liability categories may be excluded from reconciliation. The Department of the Treasury, Financial Management Service, will provide guidance for reconciling intragovernmental transactions in its Intragovernmental Transactions Accounting Policies and Procedures Guide. This guidance has not been released as of this printing. The guide will be made available on the Financial Management Service's web page (http://www.fms.treas.gov/cfs/dev/index.html). The amounts reconciled with the trading partner should agree with the amounts submitted in Federal Agencies' Centralized Trial-Balance System I (FACTS I).
- 120402. <u>Intragovernmental Assets</u>. Intragovernmental assets reported in this schedule shall agree with the intragovernmental asset line items and totals on the reporting entity's consolidated agency-wide balance sheet. For each intragovernmental asset line item on the consolidated agency-wide balance sheet, a corresponding column heading should be reported in the intragovernmental assets supplementary information which identifies the trading partner balances that make up the line item. For purposes of this presentation, reporting entities may aggregate trading partners whose individual totals for a particular asset category collectively comprise less than 20 percent of the total asset category. If intragovernmental transactions with a trading partner are material in one asset line item category but immaterial in another asset line item category, report transactions with the trading partner for each asset line item category.

★ 120403. <u>Intragovernmental Liabilities</u>. Intragovernmental liabilities reported in this schedule shall agree with the intragovernmental liability line items and totals on the reporting entity's consolidated agency-wide balance sheet. For each intragovernmental liability line item on the consolidated agency-wide balance sheet, a corresponding column heading should be reported in the intragovernmental liabilities supplementary information which identifies the trading partner balances that make up the line item. For purposes of this presentation, reporting entities may aggregate partner agencies whose individual totals for a particular liability category collectively comprise less than 20 percent of the total liability category. If intragovernmental transactions with a trading partner are material in one liability line item category but immaterial in another liability line item category, report transactions with the trading partner for each liability line item category.

For FY 2000, agencies with total intragovernmental revenues (net of intraentity activity) greater than \$500 million will be required to report such revenues in Schedule, Part C. For purposes of this presentation, reporting entities may aggregate partner agencies whose individual totals for a particular revenue category collectively comprises less

than 20 percent of the total revenue category. For the DoD Agency-wide statements, the Department shall report by budget functional classification the full cost of goods, services, and other transactions that generated the intragovernmental earned revenue in Schedule, Part D. For example, the Department should report the full cost of providing products or services on a reimbursable basis to a non-DoD federal agency.
